

ECO CHEMICAL™ VINTAGE WOOD

Looking Old is the New Thing in Interior Wood Finishes

THE LOOK OF OLD BARN WOOD IS IN HIGH DEMAND FOR INTERIOR DÉCOR AND ECO CHEMICAL HAS A COATINGS SOLUTION TO HELP YOU CAPTURE THE OPPORTUNITY.

THE CURRENT MARKET FOR WEATHERED WOOD FOR INTERIOR DESIGN IS THROUGH THE ROOF.

- Building material suppliers are looking for a product to fill the demand.
- Current demand is outrunning the supply of suitable products at affordable prices.
- Eco Chemical's VintageWood coating system lets you seize this opportunity.

VINTAGEWOOD OFFERS YOU A SIMPLE BUT EFFECTIVE WAY TO CREATE THE LOOK OF WEATHERED WOOD WITH NEW WOOD.

- The VintageWood system can be applied to any wood substrate.
- The system includes a base coat and a finished stain coat.
- The finished color coat provides the distressed, aged look that buyers are looking for.
- Coatings are non-flammable, low VOC waterbased coatings available in 4 popular colors.
- We can also help connect you with reputable stain line equipment suppliers, if needed.

VINTAGEWOOD OFFERS SALES GROWTH POTENTIAL WITH EXCELLENT PROFIT MARGINS FOR YOU AND YOUR ACCOUNTS.

- All the appeal of old barn wood with the benefits of using new wood.
- Provide your customers with a premium product at a low cost with high profit margins.
- Offer your buyers a product to generate more store traffic.
